Message from the Iowa Communications Network

Goddard Appointed Executive Director of the ICN

The Iowa Telecommunications and Technology Commission (ITTC) announces the appointment of Randy Goddard to serve as Executive Director of the Iowa Communications Network (ICN).

The ITTC conducted an executive director search beginning in July, and over 33 applications were received, screened, and evaluated. The full Commission conducted interviews with four finalists on September 28, 2020.

Goddard has been in management positions with the State of Iowa for over 20 years. Originally he started with the ICN as the Operations Bureau Chief in 1995. Goddard moved to the Iowa Homeland Security and Emergency Management Division in 2004 to be the Communications and Infrastructure Bureau Chief. Goddard returned to the ICN in 2016 to serve as the Business Services Bureau Chief.

Goddard's appointment is subject to Senate confirmation when the legislature reconvenes in 2021.
